CKS Building Services Inc.

"I have known Chris for 24 years – he worked with me at ESI for almost 12 years and ESI has been doing business with CKS Building Services Inc. for over 12 years. I consider him both a good friend and valuable colleague. He has extensive experience in both the controls/electrical field and his employees are very responsive and provide outstanding installation and service. Jobs are finished on time, within budget, and are top quality. He can design and engineer solutions for projects himself, saving our business time and money. He looks out for our business as a standard to the mutual benefit of all."
